# FILMEU Funding System

Final Report  
WP4 – T3

## Executive Summary

Funding is a central part for mobility initiatives. Several European programs are available, but others are also available at national level or at enterprise level. This report tries to bring together the set of initiatives and opportunities available for the Mobility Offices within the Alliance.

## FILMEU Funding Scheme

In this report, we identify a set of funding possibilities to support Mobility activities, in terms of Scholarships for Students, Graduates, Researchers and Staff (both teaching and administrative). Common funding sources and specific funding sources were identified in each of the countries involved.

Therefore theThus, Alliance Universities have the following funding possibilities in common:

### European Level

The ERASMUS+ Program is the main Mobility funding program within the Alliance. Each of the partner universities, when applying for the Erasmus + Program, requested additional funds to support mobility within the FILMEU Alliance.

This funding source supports the following activities: Student and Graduate Mobility, for Studies and Internships (SMS and SMP); Staff Mobility for Teaching and Training Missions (STT and STA); and the organization of Blended Intensive Programs.

A set of other European Programs were also identified, which can be used, by all partners in the Alliance to finance mobilities and specific mobility activities, namely:

- ✓ ERASMUS MUNDUS Program (<https://erasmus-plus.ec.europa.eu/>);
- ✓ Horizon Europe ([https://ec.europa.eu/info/research-and-innovation/funding/funding-opportunities/funding-programmes-and-open-calls/horizon-europe\\_en](https://ec.europa.eu/info/research-and-innovation/funding/funding-opportunities/funding-programmes-and-open-calls/horizon-europe_en));
- ✓ Marie Curie (<https://ec.europa.eu/research/mariecurieactions/>);
- ✓ i-Portunus (<https://www.i-portunus.eu/>);
- ✓ Creative Europe (<https://ec.europa.eu/culture/creative-europe>);
- ✓ Erasmus Young Entrepreneurs exchange programme (<https://www.erasmus-entrepreneurs.eu/index.php?lan=en>).

## FILMEU Funds (<https://www.filmeu.eu/>)

From the FILMEU funding allocated to each partner, through the European Universities Initiative, funds will also be used for Mobilities as defined for within the application.

## National Level

In each of the partner countries, there is a set of possibilities for obtaining funding, promoted by public and private entities, to which HEIS and students can compete for funding/scholarships for the development of projects

### Portugal

## Partner Funds

All Alliance partner Universities will use, when defined in specific funding initiatives, their own funds for Mobility activities. This self financing could take several forms:

- Preparation and organization of inbound and outbound mobility, with the allocation of human and technical resources existing in the Institutions;
- Organization of activities to prepare students for mobility, as well as in the organization of reception and monitoring activities;
- Own mobility programs, including scholarships, travelling and / or per diems support.

To all FILMEU specific mobilities, financed or not by the ERASMUS+ Program, the financial rules apply for the reception of students, graduates and staff, i.e. no fee will be charged for regular teaching/learning activities inherent to the planned and accepted mobilities.

Alliance Universities will finance the mobilities or part of them, with different instruments, namely:

- *Granting of a Scholarship Supplement* – for Universidade Lusófona, there is an attribution of an ERASMUS+ Scholarship complement for all students, in the form of a reduction in monthly fees during the mobility months, a 30% reduction in mobility for studies and 25% in internship mobilities.
- LUCA has developed the Break-out Program (<https://www.luca-arts.be/en/breakout>), Relatively small-scale initiatives that make LUCA School of Arts visible in the outside world can apply for support.
- SZFE provides further funding for those in need i.e. socially disadvantaged and/or disabled students.

## Partnerships

There is great interest and effort among Alliance partners towards finding host partners for internships for students and staff. It is not necessary for these new partners to be active in one of the alliance countries.

Some partnerships have already been established and new ones will be established during 2022.
